

Do you know...

which musical instrument

- ◆ thunders like the mightiest symphony orchestra
- ◆ whispers like the gentlest breeze
- ◆ all at the touch of your finger to a key
- ◆ is one of the oldest instruments
- ◆ yet it makes use of the most sophisticated technology

And the answer is...

THE PIPE ORGAN!

You can find out all about
this amazing instrument
AND get a chance to play it yourself at

PEDALS, PIPES & PIZZA!

Saturday, February 23

9:00 am—12:00 pm

First Lutheran Church

327 S. Dakota Ave. in downtown Sioux Falls

This event is open to young musicians fifth grade and older that have some piano background.

Registration fee is \$5—includes materials and pizza. Preregistration is required by Wednesday, February 20.

This event is co-sponsored by the South Dakota Chapter of The American Guild of Organists and First Lutheran Church.

Who will be there...

- ◆ **The PPP Faculty**—several people from the area who get to play and even build pipe organs
- ◆ **A Very Special Guest**—David Cherwien is an organist and composer from Minneapolis known especially for his improvisation and creative hymn playing.
- ◆ **You**—and a bunch of other students like you that are interested in this crazy, mysterious, wonderful musical instrument.

Each student is asked to bring along a piano piece that we can help you play on the organ. All levels of proficiency are welcomed—beginners and up.

What we'll do...

- ◆ **We'll listen**—to people describing how the organ works, and to people making music on the organ.
- ◆ **We'll look**—at the insides of organs and find out what you don't see when you're on the outside listening
- ◆ **We'll build**—yes... we'll build an organ together!
- ◆ **We'll travel**—to First Congregational and First United Methodist Churches to see those organs.
- ◆ **We'll play**—everybody will get a chance for some hands-on time on all the organs we visit.
- ◆ **We'll eat**—some pizza at lunchtime and talk in our table groups about what you've learned.
