

What is the Organist's Academy?

The SDAGO Organist's Academy offers one-time scholarships for piano students and musicians to study the organ. Scholarship winners are assigned a teacher who is paid directly by Academy funds.

Since a good piano background is the best preparation for the study of the organ, student winners are expected to continue piano study during the term of their Academy scholarship.

Continuing education applicants are not required to study piano during their term of scholarship from the Academy.

Our Statement of Purpose:

The South Dakota American Guild of Organists Academy seeks to serve area youth and adults, churches and communities by encouraging people to study organ.

SDAGO Mission Statement:

Our mission is to bring excitement and inspiration of the organ and its music to children and adults through events of education, entertainment and discovery.
